GE PLANS ANNOUNCED

General Electric's West Lynn area of 181,000 square feet. They Aerospace Instrument Business are located on a forty eight acre Section, in part, will be locating site, of which eight acres are in

ARTIST'S CONCEPTION OF THE NEW GENERAL ELECTRIC AEROSPACE INSTRUMENT BUSINESS SECTION, TO BE LOCATED ON FORDHAM ROAD. To be located mostly in Wilmington, some of the important buildings are planned for North Reading. View is looking toward North Reading, from Route 93.

In Wilmington. The announcement, long awaited, was made Tuesday at a luncheon in Stoneham.

According to the announcement, the plan is a first phase of a proposal to ultimately consolidate the entire Section in one plant location, in Wilmington, and partly in North Reading.

About 550 of the AIBS's 1400 employees will be moving into their new quarters in Wilmington in the third quarter of this year.

The start of the consolidation plan will take place in July, and continue during August and September. Two buildings are presently under construction on Fordham Road, with a combined floor

North Reading, and the rest in Wilmington. The buildings are

PAGE TWENTYONE

He Hit the 'King Pole'

Over 1700 telephones of Wilmington were put out of service last night, when a car struck the 'King Pole' of all telephone poles, in Wilmington. The pole is located on Church Street, across from the Post Office, and is the point where the main cable goes

underground.

Not all wires were severed, but water in the manhole affected many others. As a result many telephones are experiencing a delay in getting the dial tone.

As of 9:30 pm last night the telephone company foreman had not determined whether or not it would be possible to repair the cable without digging it up.

The company expects, however, to have all telephones back in service by 5 pm today.

Daniel Sullivan of Jones Avenue was the operator of the car. He was taken to Choate Hospital in Woburn, and then later released.

Drug Abuse Programs

The Wilmington School Department will sponsor two drug abuse programs on April 29 and 30 in the Barrows Auditorium of the High School.

The program on April 29 will be held from 8 - 10 pm and will be for parents only.

The program on April 30 will be held from 8 - 11 am and will be for high school students only. These are to be informative sessions in the recognition and prevention of drug abuse.

At each program, Mr Jack Sarmanian of Boston will be the speaker. Following his remarks, a film entitled 'Marijuana', will be shown. This film has been classified as one of the best in its field. The program will conclude with a question and answer period on problems of concern to parents, to law

enforcement officials, and to the school authorities.

Mr Sarmanian holds a Bachelor's Degree from Boston University in Psychology and a Master's Degree from Simmons College in Social Work. He has done field work in the RI Hospital in Providence and the Division of Legal Medicine's After Care Clinic in Boston. He is presently working for his doctorate at the Columbia University School of Social Work.

Harold Garrett, Asst High School Principal and Chairman of the Drug Committee for the Wilmington Public Schools, will be in charge of both programs. He is being assisted by Robert Barrett, Lawrence Cushing, Joseph Beaton, Nancy Abood, and Helen Martin, members of the Drug Committee.

Finance Committee Appointments

A Wilmington Selectman is overly excited about appointments to the Finance Committee. He should save his breath.

Appointments to the various committees in Wilmington are done according to law. In a manner that preserves the checks and balances so necessary in any democracy.

The Selectmen appoint some officials. The Town Manager appoints some. The powers are fairly well distributed.

In the case of the Finance Committee, the check and balance situation has been placed in the hands of the outgoing Chairman of the Finance Committee, the Chairman of the Board of Selectmen, and the Moderator. Everything considered, this is a good situation. Each of the three persons are to be considered as men of mature judgement, with different backgrounds, and probably different political backgrounds too.

It is true that a situation can develop where two of the three men can control a situation in which appointments are involved. But this is a part of the check and balance of town government. When such a situation develops the average result will be an improvement, everything considered.

The present chairman of the Finance Committee, who is being 'blamed', was acting in his rights, and possibly may have had good reasons. He was able to get the Moderator to agree with him, and that gentleman only a few weeks ago had a standing ovation from the Town Meeting, for his considered actions and control.

None of those men have to explain the reasons for their votes. All that is necessary is that one of them must convince one or the other of the two remaining of the wisdom of his own ideas.

The present chairman, it can be remarked, had a demonstration of these very powers only a few years ago. This column believes that the gentleman will agree that, in the long run, everything worked out for the best, as far as Wilmington was concerned.

If anyone, Selectman or Citizen, feels that the situation is wrong he has the right to go to the Voters and try to have it changed. That is the prerogative of all.

But one may seriously doubt if any change over the present system of checks and balances could be an improvement.

Double Eagle Court of Honor for Troop 56

Wilmington Boy Scout Troop 56, sponsored by the Wilmington Congregational Church, held a Double Eagle Court of Honor, last Friday evening, as two boys were given the Eagle award, highest in the Boy Scouts of America.

Stephen Daniell, son of Mr and Mrs Lawrence L. Daniell of 11 Kiernan Avenue, and David Marshall, son of Mr and Mrs Alfred Marshall of 15 Marcia Road were the two latest Scouts to receive the award in Troop 56, joining the two who already wear the award, Richard Gustafson and John Daniell (brother of Stephen).

Scoutmaster John Virtus of Troop 63 was the Master of Ceremonies for the Eagle Presentation,

and among those present were Neighborhood Commissioner Lawrence Daniell, Assistant Wamesit Commissioner Ken Wally, and District Executive John Duffet of Lowell.

Others present included Selectmen James F. Banda and James Miceli, Committee Chairman Ralph Green, and former Scoutmasters of Troop 56 Edmund Ferguson, Richard Rasmussen and Phil Andrews.

Before the Eagle Court of Honor Merit Badges were awarded to Dana Daniell (Music, Scholarship, Citizenship in the Community, Fred Fosgate, Woodworking; Danny MacDonald, Personal Fitness; and Jason Platt, Personal Fit-

ness. First Class badges were awarded to John Francis and Danny Spear, and Paul Delaney was invested as a Tenderfoot Scout.

Miceli's Letter

LETTER FROM
SELECTMEN MICELI

April 21, 1969

I am writing this letter to you, the Taxpayers, with a two fold purpose in mind: 1. to spotlight a deed which reeks of pure politics and is not the best interest of our Town; and 2. to demand a public response by the perpetrators involved.

I should like to add that the feelings that I am about to express concerning this deed are shared by others involved in our Town government, including members of our Finance Committee.

A little less than two weeks ago, the appointing body of the Finance Committee, namely, James Banda (Chairman of the Board of Selectmen), John Callan (Moderator), and Richard Barry (Chairman of the Finance Committee) went to consider the three members of the Finance Committee who were up for reappointment - Joseph Courtney, Jean Pedersen, and Milton Bradford. The appointing body reappointed Joseph Courtney unanimously, Jean Pedersen unanimously, and did not reappoint Milton Bradford.

Milton Bradford, to those of us who know him and have worked with him, has always commanded our respect. He is an upstanding citizen who has served his town faithfully with integrity and intelligence. I know him as a member of the Jaycees who has worked hard on local civic projects and has given up may a weekend to work with the youth of this town. As a member of the Finance Committee, he served the Town quietly and with an independent mind.

Many of us who serve the Town knew that Mr. Barry did not want Mr. Bradford back, but never in our wildest dreams did we believe he would find someone in the appointing committee to abet him in this deed. Mr. Banda has informed me that he was sorry that Mr. Bradford was not reappointed but that he had no control over the situation.

As of this date, no one from the appointing committee has even called Mr. Bradford to tell him that he was not reappointed.

This deed, if it remains unchecked, serves to weaken our Town government and once again shows a total abuse of power by people involved in our governmental structure.

James R. Miceli
Board of
Selectmen

WHITFIELD PILGRIMAGE FOR METHODIST CHURCH

At the 9:30 and 11:00 am Services of Worship at the Wilmington United Methodist Church, the Reverend Willis P. Miller, Pastor, will preach a biographical sermon 'George Whitefield, Wayfaring Witness', which will describe the life and character of the Methodist Evangelist whose single visit to Wilmington resulted in the naming

Do You Know This Man?

WILMINGTON POLICE ARE SEARCHING FOR THIS MAN. On April 14th he accosted a 14 year old girl, on Middlesex Avenue, and when she tried to run from him he stabbed her three times.

The drawing is one of two made by a Woburn Police officer, based on descriptions by people who saw the man. Both are remarkably similar. He is described as being about 25 years old, with dirty blond hair, about 5 feet 8 inches tall, and weighing about 160 pounds. He was driving a car, possibly a Chrysler product, from '58 to '63, or a 1959 or 1960 Buick. The second description puts his age at about 35, with dirty blond or light brown hair, and weighing about 140 pounds.

The girl had to have about fifty stitches, as the result of the attack, but was released from the hospital after only a short stay.

of the Whitefield School and the Town Seal bearing his name. Town Officials and Leaders are being invited to sit together at either the 9:30 or 11:00 am service to hear about this unusual man.

At 2:00 pm on Sunday afternoon a car caravan will leave from the Methodist Church parking lot to go to the Old South Presbyterian Church in Newburyport to conduct a brief service of commemoration and rededication at Whitefield's Tomb, which is under the pulpit.

At 4:00 pm, they will attend the Methodist District Conference at the Methodist Church in Newburyport to join in recommending the following local men for Ministerial Orders: Mr. John M. Dunnack; Mr. Everett C. Kuder; Mr. Weldon Park; Mr. Kenneth Butler; and Mr. John Woodbury.

knowing it. If you are over 40 years of age, overweight, or a relative to a Diabetic, these are some reasons why you should take advantage of this Testing.

CARD OF THANKS

Please accept our sincere thanks to all the relatives and friends for their kind expression of sympathy during our recent bereavement. Especially, we wish to thank the Fire Department for their prompt service with the ambulance Mrs. John W. Babine and Family

Selectmen's Meeting Windmills, Anyone?

Selectman Jim Miceli, Monday night, tackled the By-Laws of Wilmington, and custom that has existed since the Finance Committee was first appointed about 35 years ago.

Specifically Miceli attacked the Chairman of the Finance Committee, Dick Barry, and the new Moderator, Atty John Callan, for

to the Board and the Superintendent of Schools for approval for access and egress. Reading from the minutes of the Board, Altman said in answer to 'Is the license for John Elia to be revoked?' There was a negative vote by the majority of the Board.

Elia then entered the room, and on question of Altman, claimed

EXPRESSIONS: Wavie tells Jim Miceli he has no right to question the decisions on Finance Committee appointments, and raps her finger on the table, to emphasize the point, as Miceli argues back, and waves his right hand around as he talks.

appointing a new member to the Finance Committee, and letting an old member go. He excused the chairman of the Board of Selectmen, James Banda, who had said he didn't know what was going on, and in effect had been unaware that Milton Bradford of the Finance Committee was to be replaced by Robert Smith of Ridge Road.

Both Mr Bradford and Mr Smith had been supporters of Miceli in his campaigns, Smith being campaign manager.

Miceli said he was 'angered, discouraged, and dissatisfied that a situation had arisen such as had with the Finance Committee Appointment. He read in full letters he had prepared for the press.

Both Banda and Mrs Drew had words to say over Miceli's statement.

Mrs Drew immediately took Miceli to task for his letter, and told him he had 'no right' to question the appointments. Sharp words were bandied about by the lady and Mr. Miceli. Miceli maintained that he did have a right, and that the action by Mr. Barry would not go unchecked.

Banda said that the appointments had been made, and that he had not known until they had happened what was going on, and that he was sorry for the man who had not been re-appointed. But, he said, the decision had been made, and should stand.

One of the spectators was Jim Tighe of Chuestnut Street, also a member of the Finance Committee meeting. Mr. Tighe was equally indignant at what he called 'A Power Takeover', and he was going to have plenty to say about it, at the next Finance Committee meeting.

He was going to invite the press and others to the next meeting, Tighe said.

Gas Station Permit

John Elia of North Wilmington appeared for his hearing on the gas station permit for increased storage. Before the arrival of Elia, Alan Altman, the Town Counsel had explained to the Board that he represented Elia in 1965. There were then three conditions: 1. No pocket license 2. The gas station could be built within the zoning by law with no variance within the limited time; 3. The accesses in and out had to be approved by the Police Department and the Superintendent of Schools Altman said that the following amendments were made at the hearing on August 23, 1965: 1. The first statement of restriction was accepted; 2. The second was amended so that permission was granted to go before the Board of Appeals for a Sign variance; and 3. That Elia could go back

was a permit or license for gas issued to Rodney Buck; and he still had this license. On May first, the Town Clerk must give him a license and then there must be a hearing for the Board to revoke his license. He then questioned Altman as to whether it was so. Banda stopped him, saying he could not address the Town Counsel, because the Town Counsel could not be involved. This was an agreement by them all at the previous discussion.

Elia then proceeded by saying that the license must be used within 3 years, and the building must comply with the zoning regulations, except for the side-lines. Access and egress must be approved by the Board. The original permit was issued in 1936, and it was the first permit in Wilmington.

Prior to 1936, permits were not necessary. The General Court has stated that the 1936 permit acquired Grandfather Rights; i.e. they didn't have to sell gas any more to maintain the permit; and the permit could be revoked for cause only.

In March 1956, Elia appeared before the Board representing his mother, who is the title holder of record, asking for an increase in the 1000 gallon storage. 'I picked up and paid for the old license, and didn't pick up the new license evidently. Meanwhile the Town Clerk Mary Gilligan died, and a new Town Clerk was appointed. The procedure had always been that on March 15th, the Town Clerk typed the licenses and mailed to the holders, and we came in and paid \$5.00 and picked up the permits. Then evidently I didn't get the increase in storage permit, but assumed that I had. The following year, you said I couldn't have it.'

Elia then made the statement that a similar case had taken place in the Lakeview Section of Dracut and was tried in the Court at Lowell, where the Judge granted the permit. 'I spoke to the attorney and he said that my case was similar. I spoke to the Town Manager who said he didn't have the authority to do anything. The permit runs with the land, not personal privilege, a grant with the land.'

He said that in the interim the Gulf Station was granted a permit with no objection from Elia; then the discussion on the N. Wilmington Shell permit, attended by Elia, with the understanding that if he granted approval, he still had his permit. The Board at first had disagreed and then decided that he had his permit at that time. Before the Shell permit was issued, steps were taken to revoke Elia's permit before a hearing was set. Then the hearing for the Shell station was postponed until after that of Elia's. The only argument the Board gave at that time was that the Elia's had not built their station.

On March 23, 1967, a hearing was set and the permit for increase was restricted. Meanwhile, Elia had entered an agreement with Mobile and oil options had been exchanged and Mobile had paid for the options. Plans were then drawn on January 22, 1967. Elia

said that he did not understand how the Board could now take such action. He suggested revocation of the action, and then if they were not happy with the license, leave it alone. Since the Elia permit was issued, two or three permits have been issued, and Elia said that he thought the Board was not now acting in good faith.

Miceli made the statement that Elia had said he was willing to forfeit his license if it was not implemented within the specified time. That had been his understanding. Elia added that the Board wouldn't let them build, and then he went on to say that he could operate with an old tank truck of Paul Godzyk's to increase the storage capacity. He also said that they had bought land across the street for the store and that the North Wilmington stations were pumping in excess of 10,000 gallons a week, so they couldn't operate with the restriction in gallon storage, nor should they be expected to.

Miceli then asked if the three-year period was from the time of the hearing in August 1965, or from the time the permit was issued on April 30th. Alan Altman asked to be heard and said that he thought that it was from the date of the hearing, which meant that the license expired in August of 1968.

Elia stated he could build in the next 10 days, and maybe it was not legal but morally right. Boylen said that he had given his word to the Board and now was changing his (Elia's) mind. Elia said that originally it had been a 'bilateral' agreement and now it had become a 'unilateral' agreement.

Miceli spoke up to say that they were at an impasse, and that if the license had expired on August, technically, then they had taken no action to revoke it, and that they should take a motion to revoke it now.

Banda said this was correct, but that Elia had requested that he be heard. Elia then asked for one ruling from the Board. Banda said they could give no ruling because they were without Counsel. Elia then requested that they come to an agreement on entrance and exit for the station. Banda said there could be no approval by the Board on anything, and that there was now a question whether there could be any valid permit, and that there was also a motion on revocation. Miceli said there could be no further discussion without Town Counsel, and if there was no Town Counsel, how and where could a new attorney obtain the facts of the case.

Town Counsel Altman then spoke up to say that if he could have the permission of the Board, he would call Mr. Buzzell and discuss this with him, since Boylen had pointed out that the Town Board might have the same problem of the client attorney privilege.

Miceli moved to grant Altman the authority with Elia's permission and Elia said he 'would hope' Altman would do that.

Boylen then said that he must insist that if there was no Town Counsel, that Mr. Buzzell should not represent Elia.

Banda thanked Elia for coming and announced that a hearing was set on the revocation of the license

on May 12, 1969 at 8:00 p.m. Mr. Thompson of Shady Lane Drive said they had attended the meeting twice for the hearing on the increased storage and that the past meeting also had denied. He wanted to know how often this could be held. Banda explained that the prior one had been denied and that this was a new application that had been filed but there was no action on it.

Miceli said that an application for increased storage must be advertised. Boylen moved the hearing at 8:30 for the increased storage. McDonald seconded it. Vitale asked if the abutments had appeared at the other station hearing - namely the Shell Station. Elia said he copied the application of 2 years ago, and only changed the date. He now asked to withdraw the application.

Boylen then withdrew his motion to hold the hearing on the increase in storage, and McDonald withdrew his second.

Other Business

Banda called attention to the Board that the Avco hearing would be held on Tuesday night at 8:00 pm. This is for increased storage of gas underground. Boylen inquired if it was aviation fuel and then requested that a boiling point be determined, so that if it were anything other than regular gas, the Board would have control.

On application from Barbo for storage in the Industrial Park of water, testing fluids, and chemical waste, a hearing was moved by Miceli and set for May 5th. Boylen asked for recommendations from the Fire Chief and the Sanitarian.

New England Tel and Tel wishes to place a pole on Park Street, 480 feet East of Gowing Road. Miceli moved a hearing be set also for May 5th.

John G. Batten of 44 Adams St asked for incorporation of Major Flying Club, Inc. A report was requested from the Police Chief.

The Little League invited the Board to participate in the Parade on May 3, commencing at the Whitefield School down Rt 62 to the Little League Field, and requested permission for the parade. Approval was granted with the recommendations of the Police Chief.

Mr. Carl Gubellini, Chairman of the Board of Trustees for the Library requested the Board's wishes with regard to the cornerstone for the Library. Mrs. Drew suggested the Town Report, and Miceli, with humor, suggested the tape of the Town Meeting. Town Manager Sterling Morris reported he had corresponded with them in asking for the dedication date to be set for Memorial Day. Miceli asked if the contractor had been notified of the Veterans Memorial and the Jaycees plaques being installed. The TM will check this. The Massachusetts Bar Association has requested that May first be proclaimed Law Day. Boylen so moved.

New Business

Boylen asked about the Veterans Park on Chestnut and Marion Sts receiving attention. The TM said they had started on the Memorial parks last Saturday. Boylen then asked about the Street Cleaning schedule. Morris said the first week in May. Also he added that they had dumped a lot of sand

this year, and it would take some doing to clean it up.

Joseph Ring of Middlesex Avenue asked about what was being done for the hazard at Federal Street corner. Banda said Palmer was going to increase the wall at Dr. Pyne's corner, and that a sign was on order, and that the Board had asked for the blinker to be replaced. Ring wanted the wall reinforced with large boulders, and said that the last car turned upside down 12 inches from his sunporch.

Boylen inquired as to why there were but 8 warnings on speedings and that as of March 31st this year, there were only four speeding tickets given, and said Boylen, there are more people than that in the neighborhoods complaining about the speeding. At the suggestion of Miceli, the Department of Public Safety will be consulted on the type of barrier to be erected for a fence on the corners of Federal Sts and Middlesex Avenue, since the Board did not feel it quite right to install boulders at that point.

Banda reminded the Board that the Merrimack Valley Board of Selectmen's Association Meeting was to be held at the Holiday Inn on April 23rd. The American Legion Anniversary will be held on April 26th; the meeting with the ByLaw Study Committee is set for April 29th; and the DAV Installation is on May 3rd; also the Little League Parade.

Hi, there, all of you Good Group. We are again back at the machine for at least an hour or so...

Note that Cancer Crusade needs some help. You can do it. Call Charlie Ingalls, or Ernie Di-Girolamo, or Al Powers, at the numbers 658-4332, 658-2516, and 658-9046...They need YOU!

Those drugs that are so dangerous for the kids these days... Channel 2 is giving a series of course on Drugs: Use and Abuse for Jr and Sr High Kids and their parents...These were presented in March and April and will be presented again on Monday May 5 at 10:15 am; Tuesday May 6 at 2:00 pm; and Wednesday, May 7 at 8:30 am. Students, teachers parents and doctors will discuss various aspects of the drug problems and explore questions like What do the drugs look like? How do they make you feel? Will I get addicted by one marijuana smoke or LSD trip? Does LSD cause brain damage? Also how does marijuana compare with the alcohol and tobacco? What are the laws about marijuana and LSD? Is marijuana habit-forming? Program #2 Wednesday, May 7 at 2:00 pm; Thursday, May 8 at 9:00 am and 1:00 pm. This concentrates on marijuana since most of the student's questionnaires indicated primary interest in this drug. Two doctors and assistant attorney will discuss What does marijuana do to your mind and body? Is

'pot' habit forming? Why do we know so little about marijuana and its effects? Program #3 on Monday May 12 at 10:15 am; Tuesday, May 13th at 2:00 pm and Wednesday May 14 at 8:30 am. This follows format of #2 but is on 'hard' drugs - LSD, cocaine, heroin, methedrine - and on glue sniffing. Two young users of hard drugs will tell of their experiences. Program #4: Wednesday, May 14 at 2:00 pm and Thursday, May 15 at 9:00 am and 1:00 pm. Same format as #1, giving a panel of students, teachers, doctors, and parents a chance to discuss content of Programs #2 and #3. (On this issue, this chick is mighty concerned, as many of you do know, and she is mighty hopeful that you will all catch this, and that it is certainly a required 'see' for the kids at high school. This is not a foreign problem for another community...It could be next door, or really in your own backyard! Let's get with it, huh!)

Got a nice note from Ann Connors of Lawrence Street saying that daughter, Judy, was visiting with Allison Cox and her family in California. Allison used to live on Wildwood St, but moved to California a year ago. Since her school spirit remained in Wilmington High, her friends here circulated a petition and sent it to her parents asking permission for Allison to come back for graduation. So, Judy and Allison are now on their way back to Wilmington, where they will stay with the Connors family and finish school at WHS, Class of 1969. (Great, there Gals, and what a good group of friends, and what an understanding group of parents. Just like an exchange student but right in the old USA!)

Speaking of Exchange Students That Foreign Student needs about 50% more financial assistance than it got...Your contributions should go to Foreign Student, c/o of Mr and Mrs Carl Vayo, Boutwell St, Wilmington, Mass 01887, and I want to hear that it is over the top and that kid is on his way... Need about \$300 to get the foreign student here and another \$750 if we want to send one over, and that is part of the benefit as far as I can see, so let's go now, and if each family gets up \$1, like with the yarn, that's \$3500...So send

your \$1.00 and we won't object to more to the Vayos...Also, we need a home for this here kid to stay in, preferably one with students in high school...The Committee takes care of all but his food...so how about that too?

Speaking of yarn, Nellie is running short again, and you must have some left from the winter knitting...Ah ah, don't put it away for next year...give it to Nellie... Leave it at the Depot or with Lili Woodside at the Wilmington Ctr Pharmacy or call Nellie and she'll pick it up...the Afghans are still going strong, and so are the knitters, but remember, we can't expect them to buy the yarn too... They are most of them retired knitters! And thanks to the WSCS of the Wilmington United Methodist Church who offered us a lift with this project, since they will have no fair this year. Wonderful, gals!

Ecumenical Movement is really working in Wilmington. There will be a Renewal Triduum at St Thomas of Villanova on Sunday, Monday and Tuesday, April 27-29 from 8 to 10 pm entitled 'Three Days of Thinking Together'. This will consist of a series of talks, instructions, and panel discussions, with question and answer periods. This contributes to a clearer understanding of the Catholic Faith, particularly in these times of change. The CYO will baby sit for no from 7:30 to 10:00 each night so husbands and wives can attend together. Everyone is invited.

The second Ecumenical Movement will be held in May when St. Thomas and the Protestant Churches of Wilmington will offer four nights of Teacher Training in Methods. The instructors will be Sister Caritas of the Marist Teacher Order based in Bedford and Dr Clifton Moore of Boston University School of Theology. The sessions will be held at St Thomas in the lower church from 7:30 to 9:30 pm on the four Wednesday nights of May.

Mrs Pat Hanley of 13 Marcus Road attended the 7th Annual Post doctoral Seminar in Professional Development the first week in March at the Penn College of Po-

DELL DRIVE

Court Rules for Board of Health

The Superior Court, on April 15th, Justice August C Taviera presiding, ruled that the Wilmington Board of Health did not act unreasonably, on February 7th of a year ago, when it refused to issue sewerage permits for some lots of land on Dell Drive.

Suit had been entered against James Durkee, chairman, and the member of the Board of Health by the Glen-Avenue Realty Corp. of Lynn, and had been carried on by the Meredith Mortgage Company, which had taken over the ownership of two lots, numbered 23 and 24, on Dell Drive.

The Glen Avenue Realty Corp., which has since been involved in bankruptcy proceedings, filed the original petition for a writ of Mandamus, asking that the Board of Health be ordered to grant a Sewerage Disposal permit for the two lots on Dell Drive. The Meredith Mortgage Company subsequently took over the suit, after the bankruptcy proceedings.

Sued were the members of the Board of Health, James Durkee, chairman; Mrs Marlon Boylen and Joseph Paglia, and the Director of Public Health, Ernest Romano.

Romano, on Feb. 7, 1968, had refused to issue the sewerage permits, citing as reason the failure of the Glen-Avenue Realty Corp to comply with the requirements of the Massachusetts Sanitary Code, specifically Article 11. The soil, he said, was impervious to water.

James Durkee, chairman, and Rosenthal of the Meredith Mortgage Corporation were the two principal witnesses on the first day of the two day trial. Rosenthal testified as the owner of the land, and that he could establish that there would be sufficient 'percolation' on the property for proper sewerage.

Mr. Durkee was on the stand for one and one-half hours, with exhibits of past tests on the property, dating back to November 1953.

The principal witnesses on the second day were Don Martinage, Civil Engineer, and Ernest Romano, Director of Health for Wilmington.

Martinage agreed that the land in question was variable. Deep test pit percolations had been taken and it was Martinage's view that although all tests did not meet the requirements of the Massachusetts code, the overall results gave a cross-section of results, and that the average met the code requirements. He called this 'customary practice'.

Martinage also told the Court that replacing the present material on the two lots with bank-run gravel would offset the variances found in the previous tests, and that, taken generally, the design as proposed would be an adequate safeguard for any sanitary problems.

Romano's views were opposite. He told the court that the percolation tests taken did not comply with the requirements, relating to ground water and impervious material. He said that the code makes no provision for 'averaging' of percolation tests.

The Court found that, although Romano had made suggestions to Martinage he did not, in fact, approve of the tests, and that he had made the Board of Health aware of his observations and opinion, as to the non-compliance with the code.

The Court also held that the lots in question, in their present condition, do not meet the provisions of the code. It added that the proposed remedies may very well provide suitable results, but this has yet to be seen. It found further that the code makes no mention of 'averaging' but merely provides that more than one test will be required where soil structure varies.

'If part of a disposal system is over impervious material one would expect a system failure - either by back-up or overflow. The lots in their present status are submarginal. The tests taken indicated much of the present soil would have to be replaced, - and this, in fact, is provided for in the plans'.

'-based on all the information that it had, the Board cannot be said to have acted unreasonably in its denial of the application.'

WILMINGTON ODD FELLOWS CONSOLIDATE

On Tuesday evening, the Security Lodge #208 of Reading and the Whitefield Lodge #204 of Wilmington were consolidated with the Souhegan Lodge #38 of Wakefield. Wilber S MacRae, Grand Master of the Grand Lodge was the consolidating officer. James Scott of the Wilmington Lodge was the district deputy grand master to the Reading Lodge.

Members were reminded of the North Shore Odd Fellows birthday party at the Lynn English High School.

Ralph McCann, Vice Grand, Allen Erickson, Treasurer, and Francis French, P.G., were in charge of the collation following the meeting. Thomas Kelley, the Noble Grand, presided.

SHAWSHEEN TECH NEWS

Superintendent - Director Wolk, of the Shawsheen Valley Regional Vocational Technical School, now being built in Billerica, announced this week that applicants are now being interviewed for the position of Guidance Director and a book-keeper.

Candidates for the position of Guidance Director must meet the qualifications and be certified by the State Bureau of Vocational Education.

Kenneth Buffum of Billerica is Chairman of the District Committee; Vice Chairman is Mrs Anthony Anderson of Tewksbury and Secretary-Treasurer is Wallace Haigh of Burlington. 1970 is the target date for the new school, which will have pupils from Bedford, Billerica, Burlington, Tewksbury and Wilmington.

Letter

April 23, 1969

Dear Larz:

Last week your editorial dealt with National Merit Scholarships. If I may, I would like to offer a little information concerning them.

First, the cut off score for Wilmington High School students is 148. We had one finalist I recall who received a congratulatory letter stating, with regret, that no

further funds were available. We had another with a score of 147. We had two unknown quantities, one who overslept the day the examination was given, and the other went some place with his parents.

The Key Word is 'National'. For instance, Wyoming has a total of fourteen high schools within its confines. There is a private school in South Carolina which enrolls students within a one hundred mile radius. This school has one of the highest records in their state. However, the cut off score is 130.

One star runner does not make a track team, or even two. It takes the team effort which gathers the most points. Therefore, let us go back a few weeks to the issue of the Crier which listed several Wilmington students on the Dean's List at the University of Massachusetts. This in my opinion, carries more stability and study than one or two National Merit Scholars per year.

Bernard P. McMahon
Principal W.H.S

P.S. I will concede N.M.S. adds glamor.

(How about the coach with a lot of star runners? Does he have a chance of having a good team? Ed.)

LOWELL STATE COLLEGE
ALUMNI MEET MAY 3

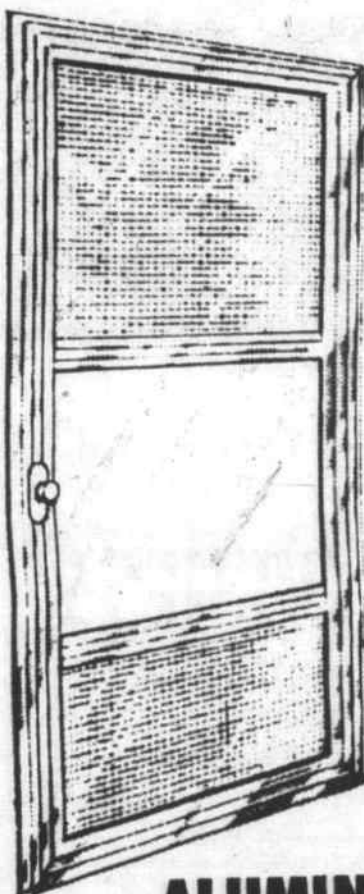

The 69th Annual Meeting and

Reunion of the Lowell State College Alumni Association is to be held on May 3, at 3:30 pm, in the Administration Building, on the College Campus. Registration and coffee hour begins at 2 pm.

Reservations for the dinner, at 5 pm must be made before April 25, thru Mrs Paul Creegan of 12 Puffer Street, Lowell. The members of the Class of 1919 will be the guests of the Alumni Association.

Planning Board

The Wilmington Planning Board, Tuesday night, came to the conclusion that they should ask the Town Counsel for advice on the various subdivisions that are appearing before the board, in the industrial areas of Wilmington, and specifically those of Industrial Way and Fordham Road, where new firms are locating almost monthly. By unanimous vote, a letter is to be sent to Mr. Altman asking whether or not there should be a hearing on each of the proposed lots, into which the land is being divided.

The discussion came up as the members were examining a new 3 acre lot which is being cut off, in 'Barbo's', for a new firm. The lot of land is northward some distance from the KEV Electronic plant, and abuts land of Flynn, on Gowing Road.

Mrs. McKie, the chairman, told the board that she had already had an informal conversation with the Town Counsel on the subject, and it was recalled that in the Alderwood Estates, on a change in drainage plans, a hearing had to be held.

Morton Grant of Concord Street, newly appointed to the board by TM Morris, was in his first meeting as a member. He has been present for several meetings during the recent weeks.

Mr. Grant had already been given a copy of the Recommended Highway & Transit Plan, which is a part of the Eastern Massachusetts Regional Planning Project, and, among other things shows some of the information available on the Middle Circumferential Belt, which in Wilmington is known as 'the new Route 62'.

Grant was asked for an opinion of the planning.

'What they are saying is that they are trying to preserve the Open Space, and then they are routing the new highways through it' Grant observed.

Town Manager Sterling Morris, who took part in the meeting, ventured the hope that the Wilmington Planning Board has 'an alternate plan' for the Route 62.

'We have an alternate plan' Mrs. McKie said brightly 'Right through Tewksbury! They need it, and they want an exit to Route 93!'

Mrs. McKie was to attend a meeting of the Metropolitan Area Planning Council on Wednesday, and part of the evening was spent in reviewing notes, in case the lady had to speak on the impact on Wilmington of the planning for 'Route 62'.

Other Business

A letter was received was received from Dell Drive residents concerning the condition of the street. The letter used the word 'deplorable'. The board wrote a letter to the Town Counsel, asking that he institute action to recover bonding money, held in a bank-book, under the provisions of Chapter 81, General Laws.

Another letter was received concerning Draper Drive. It complained about the height of the sidewalk, and the condition of the road.

Town Engineer Arthur Harding told the board that another man,

not the developer, was the person who was building homes there. He, the engineer, had already talked with the builder, about sidewalks, etc.

A letter was received from the North Reading Planning Board, which said that the street numbers on Old Andover Road in that town had been changed, and that the numbers 30 to 48, on one side, and 31 to 47 on the other, were set aside for use in the Wilmington area, which is called Virginia Road in Wilmington. The North Reading Planning Board is hoping that Wilmington will change the name of Virginia Road to Old Andover Road, so as to conform.

Mrs. McKie reported a telephone conversation with Professor Elliot, in which it seems that the coming Special Town Meeting will not be held until next fall. Professor Elliot wanted to know if he should have the Official Map of Wilmington ready to offer to the Town Meeting.

Mr. Harding said that he has done some work in this respect, with a map on which he has eliminated any streets which have no residents, as of January 1st, according to the Town Clerk.

Mrs. McKie spoke of a telephone call from a West Street resident, wanting to know if there had ever been a Hatch Act hearing for the area near the large curve north of Lowell Street. It was her opinion that none had been held.

The lady, Mrs. McKie said, also wanted to know if there were any plans for drainage at the curve.

Harding said that it had been widely believed that no culvert existed in the area, but that he

had discovered a 1956 or 1957 plan which does show a culvert. It was his opinion that some gravel had been spilled, which filled the area near the culvert, and he did not know whether or not it would work.

Harding also reported that he had been talking with an engineer for the Barbo development, relative to 'water easements' onto Park Street.

There are three areas set aside as recorded easements, so that however the water main may end, on Fordham Road, it can be connected to the water main on Park Street, and improve water circulation, Harding said.

An advertisement in the Sunday Globe, had been noted by Mr. Grant, offering 14 acres of land off Glen Road for sale for the price of \$56,000. It was determined that the land was between Glen Road and Broad Street, and adjacent to the 'Wildcat Railroad'. Inspection of a map showed that much of the land was supposed to be swampy.

SENATOR BERYLL COHEN AND FRIENDS: At the meeting of the Wilmington Democratic Town Committee, on April 16th, Senator Cohen spoke on the Welfare Problem. Beside him is Mrs Martin Leverone, Secretary and Miss Anna Visconti, Chairman of the Democratic Town Committee. Standing is Rep. Fred F. Cain.

was 76 years old at the time of her death, was born in Boston Massachusetts, and had made her home in Wilmington for the past 27 years.

Beside her husband, she is survived by her two sisters: Mrs Annie A Littlewood and Mrs Helen J MacCartney both of Wilmington.

Funeral services were held at the W S Cavanaugh & Son Funeral Home, 374 Main Street on Tuesday April 22, at 2:00 pm, with Rev Elwin J. H. Nichols of St Ann's Episcopal Church, North Billerica officiating.

Burial followed in the family lot, Lindenwood Cemetery in Stoneham.

WALLACE S HALL PASSES AWAY

Mr. Wallace S. Hall, a resident of Wilmington and formerly of West Newton, passed away at the Choate Hospital in Woburn on April 16th after a brief illness.

Born in Melrose 88 years ago, Mr Hall was a graduate of Knox Collete of Galesburg, Illinois, and had taught Science and Physics at Somerville High School for 30 years before his retirement a few years ago.

Mr Hall is survived by several nieces and nephews of Wilmington, and among these nephews were pallbearers William, Arthur, Albert, John, and Chester Hall, Jr.

Funeral services were held from the Nichols Funeral Home, 187 Middlesex Avenue, on Saturday, April 19th, at 10:00 am with the Rev H Allen Tadgell, Jr. of the United Congregational Church who officiated. Burial took place in the family lot in Wyoming Cemetery in Melrose.

Contributions to Hospital Fund

Relatives, friends, and loved ones honored this week by contributions to the Wilmington Hospital Building fund include:

Memorial Contributions, in lieu of flowers, may be sent to Middlesex Bank, c/o Joseph Maffeo, Wilmington, or the Wilmington Centre Pharmacy c/o Mrs Lillian Woodside, Main Street, Wilmington.

All contributions will be acknowledged.

Deaths

BERNARD J MC DONOUGH FUNERAL NEXT SATURDAY

Bernard J. McDonough, husband of Mabel E (Thompson) of 28 Miller Road, Wilmington, died at the Winchester Hospital on April 22, 1969, after a lengthy illness.

Mr. McDonough, who was 69 years old at the time of his death was born in Woburn, Mass., and had been a resident of Wilmington for the past 33 years. He had been employed as a Custodian by the Town of Wilmington for 23 years in the School Department.

Beside his wife, Mr McDonough is survived by a daughter, Mrs Evelyn F Ness of Wilmington and two grandsons, Richard of the U.S. Navy, and Kevin, of Wilmington.

The funeral will be held from the W S Cavanaugh & Son Funeral Home 374 Main Street on Saturday, April 26th at 12:45 pm followed by a Solemn High Mass of Requiem at St Dorothy's Church at 1:30 pm Burial will take place in the family lot at Wildwood Cemetery.

Visiting hours will be held at the W S Cavanaugh & Son Funeral Home on Thursday and Friday 2 to 4; and 7 to 10 pm

INFORMATION ON THE TOWN DUMP

The Wilmington Town Dump is located in the southerly part of the town, off Main Street, and adjacent to the Woburn City Line. The land is owned by Mr Clarence Spinazola, who is also the contractor.

The Wilmington Board of Health is the contracting agency for the town, and supervises the operation of the dump.

The contractor is allowed to burn once weekly. Garbage is not allowed at the dump and therefore should not be mixed in with the rubbish. The contract also excludes boulders, trees, and wrecked buildings. These, however, will be accepted on a private contract basis with the owner.

Wood, and Metal, must be separated from regular household rubbish. Dumping out of town rubbish, or waste, is strictly forbidden.

The dump is open Tuesdays through Sundays from 9:00 AM to 4:00 PM, but is closed on Mondays, and on legal holidays

Trucks or vehicles used for transporting rubbish should be tight, and securely covered with a canvas or other suitable cover to prevent the scattering of rubbish about the streets, on on private premises.

The town does not collect rubbish. It is the responsibility of the homeowner to make provisions for the collection

Rubbish may not be used for fill, without the prior approval of the Board of Health.

RESIDENTS FOUND TO BE BRINGING

OUT OF TOWN RUBBISH

WILL BE BARRED FROM THE DUMP.

PLEASE DUMP YOUR REFUSE WHERE DIRECTED BY THE ATTENDANT

Clarence Spinazola, Owner and Contractor.

More Nancy

(Fr. Pg. 6)

diatric Medicine...Thomas G. Manuel of 257 Shawshen Ave made the Dean's List at Union College in Barboursville Kentucky...Ronnie

in Barboursville, Kentucky...Paul Malatesta of 60 Butters Row has received his BS in Veterinary Medicine with Honors from the Michigan State University...Congratulations, Paul!

To Frannie Kelley in answer to his letter about Miss Kalil and Mr DeGrazia...Since he has signed his, this Gal is now able to tell... The letter which was anonymous speculated as to why the School Committee was looking outside the school system on its quest for a Director of Music, when there were two such capable people as those two in the system presently...However, the Captain has a strict ruling that we are not to publish anonymous letters,

so that was why the note was not more explicit...Thanks, Frannie for helping me to clarify that little old note...Course I couldn't resist starting the ball rolling... Just was sorry that I had to miss MY FAIR LADY...Heard it was fabulous, but the Doc still doesn't want me to run around as yet!

Dear Nancy,

You had me worried for a moment. The passing reference in your column of April 17 to Miss Kalil and Mr DeGrazia in acknowledgement of the receipt of an Anonymous Letter, I first interpreted as a slur on these two talented members of the Music Department in the Wilmington School System. The phrase 'Anonymous Letter' does conjure up some wild ideas at times. Upon a second reading of the statement, I realized that no one who knew these two people could possibly refer to them in anything but the most complimentary terms, whereas those who did not know them would have no cause

to write.

To be a mathematics teacher, one should have an orderly mind. I therefore directed mine, such as it is, toward conjecture about the contents of the Anonymous letter. Since Clairvoyance is not one of my accomplishments, my only tools could be logic and a twelve year acquaintance with the individuals mentioned. An educated guess led me to the conclusion that the letter writer mentioned his opinion that Miss Kalil and Mr DeGrazia were too talented to be associated with a community as insignificant as Wilmington. If this is the writer's belief, then he is doing a disservice to the town.

More than a decade of teaching in Wilmington and the resulting association with well over 1000 students and hundreds of townspeople, has given me an insight into the character of this community. You can have your Lexingtons and Newtons. You won't find finer or more loyal people, youngsters or adults, than right here. No - Miss Kalil and Mr. DeGrazia are good for Wilmington, and Wilmington,

in recognizing their talents, has been good to them.

It is indeed fortunate that the letter was written anonymously and hence could not be printed. All of us in the Wilmington School System are pleased when honor and praise are bestowed on some of our colleagues. It would have been nice to have the letter printed. May this be, although indirectly, a poor substitute.

Sincerely,
Francis P. Kelley

The 'Route 62 Hearing'

Representatives of five different planning boards were present to protest the proposed Route 62 layout, at a meeting at the regional headquarters of the Massachusetts Department of Public Works, in Arlington, a week ago Thursday.

There were two members of the Wilmington Planning Board present, prepared to protest vigorously over the layout for the route. The assumption on the part of the Wilmington board, and on the part of members of other boards too, was that Route 62, as it is being proposed, was the principal matter to be discussed.

But the state officials were present to present over-all plans for the area, not specific plans for Route 62 or any other route. It was intended to be a review of their studies, to date.

Also present was a representative of the Massachusetts Bay Transportation Authority, Donald Graham, who was prepared to discuss the planning of his people, relative to the DPW planning.

Mr. Mistrella of the DPW told the Senator that the DPW at this time was just establishing a 'Corridor, five miles wide' through which the new Route would go, sometime in the future. The next step, in the DPW planning Mistrella said, would be in the Boston office - of which he had no direct knowledge.

The State D.P.W. officials have made similar presentations in past months, and will be making more, on their plans for Eastern Massachusetts.

Senator DeNormandie

In addition to the outspoken criticism of Mrs. McKie and Daniel Gillis of the Wilmington Planning Board, State Senator James DeNormandie, of Lincoln, was one who spoke strongly against the building of a new Route 62, as the State DPW was planning it.

Senator DeNormandie told the meeting that he was speaking of the proposals for Route 62 in Bedford, Concord and Lincoln.

He thought that there was a considerable reason for concern. 'We know this (the hearing) is just the first a first step - but if we let you go very far - it scares us

to death!'

DeNormandie said that the original idea was a 're-aligned 62', and what was being presented was not this at all - but something that would radically alter the towns (through which it was to go).

You say it is necessary! Query, if you don't build it - are we so badly off?

DeNormandie was almost caustic as he spoke of the route as it seemed to be laid out for Concord. 'One of our most historic areas!' - 'Goes right through the heart of Wayland!' - 'I think this is something our towns are going to fight!'

A two lane highway, which was the original concept, he said, 'is one thing - but this concept of a four lane highway from Route 2 to Route 95 is alarming!'

Speaking for the Wilmington Planning Board, Danny Gillis told the hearing that either of the two plans laid out for Wilmington would 'split the town in two'. He said that Wilmington welcomed planning, and had gone along with previous state efforts, but now 'Wilmington will be drawn and quartered by two roads. Gillis dwelt on the difficulties of the Fire Department answering calls, because of the railroad problem, and said it would be more difficult yet, with another road cutting the town in half.

Following him was a member of the Lincoln Planning Board who said 'You just can't have traffic and roads at grade, and with limited access, crossing at grade!'

'Pressures'

The DPW position was that they had studied for a road that would be close to Route 128, but that they found this would relieve the traffic needs only in part, and that they had come to the conclusion that only a long connected route, some distance from 128 would serve the needs.

Robert Adlow of North Reading objected that the new route would 'split our town two-thirds and one-third, and the cost is going to be near 1 1/2 billion dollars.'

'Ours includes the cost of the right of way, and the re-location of homes and businesses - and this is not for adjacent roads!'

Graham, of the MBTA told the meeting that 'We feel that our services can best be projected within in the confines of Route 128'

He later said that because there had been an objection from the Selectmen of Wilmington, the study plan for a terminal at Lowell Street in Wilmington had been dropped.

A member of the Concord Planning Board spoke several times

'You are asking that the density of the towns increase - if you planned otherwise you would force the growth elsewhere.'

He was told that the pressures (of population) 'are for extension'. The Concord man continued: 'Why do these pressures exist? Route 128 and 2 add another road, it is you who increases the pressure!'

If you don't plan this road, then you can gear your plans to expanding further out!

Mistrella said that one of the reasons was to relieve the congestion on Route 128.

A Lincoln man: 'Do we really want to build out in dense bounds, or do we want to hold off, and let it spread further out?'

Mistrella: We find evidence of need for this kind of facility.

Senator DeNormandie: Is it necessary to think of this being one long continuous road? Can we serve the people better by having just inter-connecting highways?

Mistrella: That does not give the service. It is all right for the local facility, but you have to think of the long distance travel too.

DeNormandie: What harm if they have to go another way?

Mistrella: For instance, the Rte 3 intersection. It is not good. That's what the people on 3 talk of. Does it service the traveler? - to make him circumnavigate?

We see this as a weak point in the system!

De Normandie: This is a balance in the system. These roads are not so bad.

Mistrella: We are trying to upgrade the present roads.

Mr. King, of Andover: While the overall plan is for 1990, this is partly present, and partly future problems. What you have chosen is a palliative or partial cure for something that is not in existence!

Move out towards 495, or even past 495. It seems to me that by 1990 you will have a second circumferential route, through my town. The progress is inevitably outward.

Mr. Graham pointed out that Route 128 was laid out in 1953, and then ten years later it had to be widened. In 1990 there will be so many more cars - I don't think this is wrong!

Everybody likes the road as long as it is in some other fellow's town!

The roads we build are almost out of date as soon as they are built.

Danny Gillis: There is a question of the Zoning, in the towns. You say this would protect the

Sophs Set New Records

The Varsity Track Squad opened its season on a victorious note last Tuesday by beating the Middle of Dracut High, 73-1/2 - 39 1/2. Sophomore Rick Smallidge set a new school record in low hurdles at 13.8 seconds. Other first place winners were Carl Cotter, shot put and discus; Ed Thomas, high jump and high hurdles; Larry Harrington, 440; and Joe Marasco, 1 mile.

In spite of some very excellent performances the Wildcats were defeated 61-52 by Lawrence Vocational this past Thursday afternoon. Senior Ed Thomas was unable to participate due to a stomach disorder. Sophomore Mike Esposito making his initial appearance of the spring season, set a new school record in the dash at 10.4 seconds. Other first places were earned by Carl Cotter discus; Frank Harrington 880; Larry Harrington, 440; Bob Barry, High hurdles, and the relay team of Esposito, Smallidge, Dick Gillis, and L. Harrington.

The Varsity Baseball Nine evened their conference record at 1-1, as senior Dan Walls spun a five-hitter against Andover on Friday. The final score was 3-2.

The Golden Warriors picked up a run in the bottom of the first inn-

ing, but the Wildcats expended for three in the top of the second.

Ed Gillis led off with a base on balls and after Harrison and Baldwin went out Jim Kennedy and Bob Stewart also walked. An error by the Andover first baseman on Walls grounder allowed Gillis to score the tying run. At this point, Kun came into pitch for Andover and senior co-captain Jim Tildsley greeted him with a single to score Kennedy and Stewart for a 3-1 lead. Andover scored again in the third, but Walls slammed the door the rest of the way and the Wildcats were in the win column for the first time this season.

On a cool Monday afternoon, the Wildcats traveled to Billerica to face the league leading Indians. Senior Dan Walls was nominated to pitch by Coach Gilligan, with the hope of keeping the Wildcats on their winning ways. Both teams were scoreless in the first to innings, but the Wildcats stirred things around in the third as Druggan led off with a walk and when the Billerica hurler, Alves, was unable to field Land's bunt cleanly the Wildcats had men on first and second with no outs. Ed Gillis hit a ground ball to the Indian shortstop which had double play written all over it, but Foley was

unable to come up with it and the bases were loaded.

Billerica now changed pitchers and brought a right hander into the ball game to face Ed Harrison, Gene Baldwin, and Jim Kennedy. The Indian hurler got Harrison on a pop up and struck out Baldwin before asking Chick to force in the initial run of the game.

Bob Stewart then struck out to end the threat. Billerica tied the score in the bottom of this frame of a single and a double by their outstanding right fielder Ed Roy.

In the bottom of the fourth the roof fell in for the Wildcats as the Indians pushed across five big runs to put the game out of reach. After two were out and with a runner on second as the result of an error the flood gates opened as three consecutive singles scored two runs and a home run by the Indian reliever herler knocked in three more.

Dan Walls was taken out of the ball game in the sixth inning walking two men after allowing about single to load the bases. Mark Druggan came in to relieve and walk the first man he faced on four straight balls to force in the seventh Billerica run. He then bore down to retire the side by getting the next two men on a strike out and a ground ball to leave the bases loaded for the Indians.

The Wildcats scored their other run in the seventh and final frame on a walk to Gillis and consecutive singles by Baldwin and Kennedy.

STOCK CAR RACING

On the Hudson New Hampshire Speedway on Sunday afternoons at 2:00 pm, there are several cars racing from Wilmington.

Frank Powers of 26 Butters Row runs as 'Frank's 440' car.

Dick Cushing of 19 Marion St is running the VWL. At the track Dick is known as the 'Vomit King'.

Bob Dow of Tewksbury garages his car in Wilmington on Butters Row and is known as 'The Porkchop Special' with number 113.

Jack Gifford of Andover runs the No 46 car. Jimmy Trask formerly of Wilmington is running the WTII.

These five fellows are known as the 'Five Vee's Racing Team' and racing is their hobby.

They may also be seen Saturday night at the Pines Speedway in Groveland, Mass.

**YOUR
 Pharmacist
 SPEAKS**

By Louis

There are some 35 million women in the United States who devote their full time to homemaking.

Even though work is becoming 'easier', a woman's hands are still vulnerable to 'housewife's hands,' a red, itchy rash.

Since most women cannot give up their household tasks until hands heal, they must seek measures to heal and prevent eruptions like these.

Cotton gloves (dermal gloves) under rubber gloves will protect the hands and allow them to sweat.

Hands should only be gloved for 15 or 20 minutes at a time. But, whenever you do, do not neglect taking care of them.

There are several remedies available at SILVER LAKE PHARMACY, 52 Main Street. All of the newly developed drugs are available here. Tel. 658-4617. Open 9-10 EVERY DAY. Assorted Greeting Cards . . . Candy Cupboard & Whitman Chocolates. Cosmetics.

HELPFUL HINT: To prevent wood hangers from snagging fabric, give them a coat of clear shellac.

The Pewter Pot was their First Target

Wilmington Company of Minute Men

Second Middlesex County Regiment of Foot

THE FIRST REVIEW IN 194 YEARS: Was last Thursday, in the High School Gymnasium, when the Wilmington Minutemen appeared in their new uniforms, which their wives had spent twenty weeks in the sewing classes with Mrs. Dorothy Lafionatis as instructor, making.

The Tricorn hat has the Baldwin Apple for a Cockade. The vest is a golden tan, made of Indian Head cloth. The shirts are oatmeal cloth. The pants are dark country green, and the socks are white. The shoes are black with silver buckles.

Nearest to the camera is Company Sergeant Jeff Coville.

After months of planning, and twenty weeks of sewing by devoted ladies taking part in the Wilmington Practical Arts Sewing Classes, the Wilmington Company of Minute Men made their first appearance in uniform, last Thursday evening, in the Wilmington High School gym.

To the drum beats of Dick Hand of Shawsheen Avenue the fifteen men marched out, slowly, in the style of Eighteenth Century marching. The Company was led out by Capt. William G. Meyer, with officers following, according to rank. Last out was Company Sergeant Jeff Coville, bearing a spear, which is his badge of office.

The newest addition to the company impedimenta was the Company Guidon, which sports the large Baldwin Apple, and the date March 9, 1775, the formation date of the original Company of Wilmington Minute Men.

Towns and Cities in Middlesex County which sent Minute Men to Concord or Lexington on Lexington Day are entitled to have today a Company of Minute Men.

The Wilmington Company has 19 members. It is allowed to have 27, that being the number of men who marched on April 19, 1775, under the command of Capt. Cadwallader Ford, to take part in the battle against the British regulars. The Wilmington Company was in the battle at Merriam's Corner, and followed the retreat of the British, to Lexington, cutting across the fields as the British troops marched on the road. At the end of the day, as is well known, the British troops were confined within their lines at Boston, and Capt. Ford and his Wilmington Minute Men were among those who were beselging the Red Coats.

Invade Muffin House

The first military action of the Wilmington Minute Men (reconstituted) was to invade the Wilmington Pewter Pot Muffin House, causing consternation among the customers at that restaurant.

Imagine having a cup of coffee, and having spear wielding and musket bearing men invade the room where you are sitting! That's what happened. One customer, it is reported, nearly swallowed his cup and all!

The ladies were in the old dresses, and their appearance served

NEXT PAGE

OFFICERS AND LADIES: After the review, posed for this picture. L to R: Lt. Frank Curley, Mrs. Jane Davidson, Sgt. Warren Sheerin, Mrs. Warren Sheerin, Water Bearer Robert Butters, Mrs. Hazel Meyers (with her husband, Capt. Meyers, in back), Mrs. Arthur Sugrue, Arthur Sugrue, Mrs. Dorothy Lafionatis (teacher, of sewing class) and Sergeant Jeff Coville.

THE BRITISH ARE COMING! The Company mustered on Monday noon, (April 21, but a holiday according to the Legislature) in the High School Parking Lot, to go to Lexington and participate in the parade there. Not all the members were able to be present on Monday. Capt. William G. Meyer is in left front, and Adjutant Sergeant Warren Sheerin is holding the new guidon, at right. Beside him is Lt. Frank Curley, sporting his new gorget, which is a brass piece to be worn around the throat, to protect from sword cuts or thrusts by the enemy.

to calm the Pewter Pot.

Saturday the Company was to march in Concord, as the guests of the Concord Minute Men.

But it was raining, and the Minute Men of Wilmington guessed that the British would stay home.

They were right, and they, the Wilmington men did too. But they went up to the Wildwood Cemetery and placed a wreath on the grave of Capt. Cadwallader Ford.

Monday there were ten men who went to Lexington, not on shanks mare as did the original company, but in the more modern and prosaic invention called automobiles.

They marched from East Lexington, up Mass Avenue, to the Battle Green, a distance of six miles. Afterwards they were the guests of the Lexington Minute Men for lunch at the Hancock Church - a lunch consisting of ham, assorted cold cuts, potato salad, apple pie and cheese, and a special delicacy called Minute Man Punch.

Future Events

The Wilmington Minute Men plan to be present at this year's reenactment of the Battle of Bunker Hill, in June.

'ROUTE 62'

(From Page Fourteen)

towns. -- On page 14 of the Report on Highways to the Governor which is supposedly accepted by all communities and towns involved, states that revamping our zoning for high density is a necessity, even to the point of eliminating private wells and septic systems.

This cuts into our area. You say you are doing this for the towns because the towns do not have professional planners.

Nothing in the Constitution requires Professional Planners!

Wilmington has had the service of Professional Planners since 1953, and copies of all our reports are in the Department of Commerce, Division of Planning.

Apparently they have been ignored by this particular study.

Fred Cain

In addition to Mrs McKie and Gillis, Rep. Fred Cain and Mrs Christian Bachman of the Wilmington League of Women Voters were present.

Cain made an explanation of why the planning for Route 62 seemed to be further ahead in Wilmington than in other towns.

Cain told the hearing that he had gone to the Department of Public Works and asked for a study of a route from North Reading to Bed-

ford, to relieve the traffic situation around the RCA plant. 'This' he said, 'You can blame me for. This is one time I was too efficient'.

GE PLANS (Fr. Fr. Pg.)

designed to be completely air-conditioned, fire-proof, and to have the ultimate in lighting. Excellent parking facilities are planned.

The components that will remain in Lynn will employ about 2,000 people. In addition there are buildings in Syracuse, N.Y. which house the headquarters of the Aerospace Electrical Equipment Division, which headquarters, it has been reported, will ultimately move to the Wilmington-North Reading site.

The Division manufactures thermocouples, flowmeters, tachometers and position and temperature indicators, principally for the U.S. Air Force, and for air frame manufacturers.

Barbo and Friends

168 persons were present at the luncheon Tuesday. Atty Frank Dardeno, a member of the Barbo Realty Trust was the toastmaster, and he joked on how the Barbo firm had tried on two previous occasions to have a dinner, for the purpose of the announcement, only to be snowed out.

The Barbo Realty Trust, at the same time, announced that it will be constructing a furniture warehouse, with 120,000 feet of floor space, on a tract of 15 acres, part of the nearly 200 acres on the Fordham Road facility.

'The entire co-operative venture,' Mr Dardeno said, 'is something in which the people of both Wilmington and North Reading may take pride'.

Leonard Barbo, president of the firm, paid honor to former Selectman Charles Black, who was one of the guests. Mr. Black, he said, had been working with the Barbo people for nearly eight years in the development of the Barbo Realty Trust.

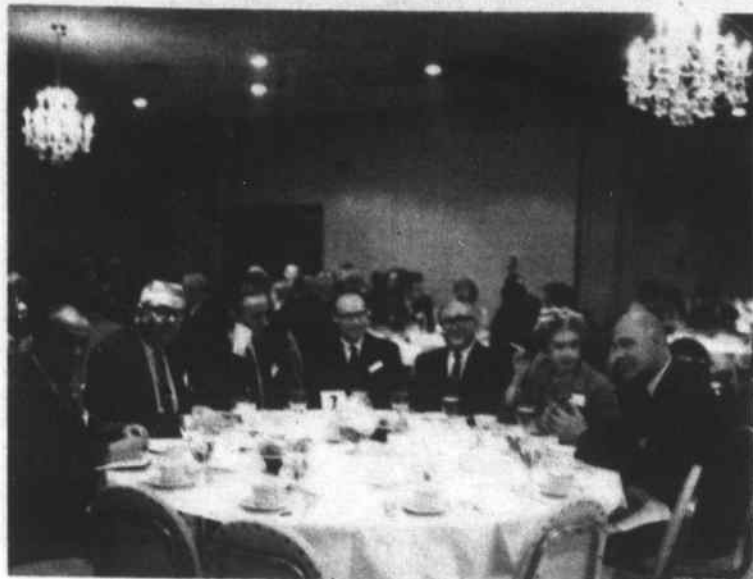

Barbo said that Charles Black was 'The Godfather of the Project'.

Barbo and Dardeno stated that all who were present had had some part in the development, and that it would be impossible to call each one.

Three men from the State Department of Commerce were recognized, First Deputy Commissioner Frank Miraglia, Edward Kelley, General Representative, and Ernest Lucci, Director.

Town Manager Sterling Morris, in a very short speech, welcomed General Electric to Wilmington.

Brainard Fancher, Manager of the General Electric Division was also among the speakers. He described the move as 'an important milestone in our business, and said that the firm was looking forward to expanding the Wilmington - N. Reading plant. Eventually, he told his listeners, the Headquarters in Syracuse will be located in Wilmington.

LEONARD BARBO AND FRIENDS: At the dinner in Stoneham, L to R: William Sughrue of the Department of Commerce, Sterling Morris, Town Manager of Wilmington; Ralph Fifield of the First National Bank of Boston, Town Counsel Alan Altman, Mr and Mrs Leonard Barbo, and Brainard Fancher, of General Electric.

CHARLES BLACK: At the dinner. The former Selectman was surrounded by friends during the entire proceedings. With him are TM Sterling Morris, former Selectman Lloyd Bender and Selectman Mrs Wavie Drew.

Madelyn McKie on MAPC Executive Council

Mrs Madelyn McKie, Chairman of the Wilmington Planning Board was elected to the Executive Council of the Metropolitan Area Planning Council, at the annual meeting held in Newton last night.

There are twenty members of the Executive Council, five to represent the towns, five to represent the cities, five who are ex-officio, and five who are Gubernatorial nominees. In addition there are four officers, president, vice-president, secretary and treasurer, who are also members of the executive council.

Professor Elliot is one of the Gubernatorial members. Another member is Donald Graham, of the MBTA.

Frank Flaschner of Newton was elected the president of the MAPC

CANCER CRUSADE WORKERS: Front, L to R, Rico Catalano, Ernest DiGirolamo, Mary DiGirolamo, Gary Overhiser, and Marge MacDonald. Rear: Donald Ugolini, Charles W. Ingalls, Charles Gilbert, Alfred Powers, Michael Cafra and David Esienonis. Present but not shown was Consta Cuoco. Photo by Willey Wolley.

The Wilmington Cancer Crusade Committee met at the home of its Chairman, Charles W Ingalls on Chestnut Street on April 21st to plan for the house to house portion of the Crusade.

It was discovered at the meeting that there was a serious lack of workers.

It was decided that an all out urgent appeal to our town should be made to take part in the house to house portion of the Crusade.

If you are waiting to be asked, please contact one of the committee at 658-4332, 658-2516, or 658-9046. Your assistance will be greatly appreciated.

Deputy Grand Knight, Ernest DiGirolamo requests all of the workers assemble at the K of C Hall on School St Extension at 6:15 pm on April 29th.

An accident on Lowell Street, in which one driver was said to be on the wrong side of the traffic island, near Cain's Garage, was one of two that kept the pmpice busy during the heavy rain of Tuesday night.

Involved were Florence Tancredi of Reading, and Joyce E. Pritchard and Roger Pritchard of Saugus.

ACCIDENT ON FEDERAL HILL

A spectacular accident of a week ago, on Federal Hill sent three men to the hospital. The collision brought two ambulances and the rescue truck to the scene.

Hospitalized were Raymond W Lepore of Adams Street, a brother of Dr. LePore, Thomas Kelly of Shawheen Avenue and Leo O'Connell of Faulkner Avenue.

CLERICAL OPPORTUNITIES

Photon, Inc. is seeking talented clerical personnel, for immediate placement in a number of openings, and has a number of openings ranging from clerk typist to executive secretary.

HANDY TALKY & JUNK CARS

Arthur Bureau of the Wilmington Conservation Commission, shown with a transistorized 'handy-talky' found while walking a parcel of land in N. Wilmington which the town recently voted to purchase for the Commission.

It was found near the North Reading line, adjacent to the old Salem-Lowell RR right of way. The owner can have it by contacting Mr. Bureau and providing satisfaction.

Mr. Bureau is also ready to return the two abandoned cars shown in the background to their owners.

My wife, Evelyn M McNamara, having left my bed and board, I will no longer be responsible for her bills.

MORTGAGEE'S SALE OF REAL ESTATE

By virtue and in execution of the Power of Sale contained in a certain mortgage given by ANTHONY J. FANTASIA and LUCILLE A. FANTASIA, husband and wife, as tenants by the entirety, both of Stoneham, Middlesex County, Massachusetts, to THE PROVIDENT INSTITUTION FOR SAVINGS IN THE TOWN OF BOSTON, a corporation duly organized under the laws of the Commonwealth of Massachusetts, doing business in Boston, Suffolk County, Massachusetts, dated October 21, 1960, recorded with Middlesex North District Registry of Deeds in Book 1494, Page 268, of which mortgage the undersigned is the present holder, for breach of the conditions of the said mortgage and for the purpose of foreclosing, the same will be sold at public auction at 11:00 A.M. on Thursday, the twenty-second day of May, A.D. 1969, on the premises hereinafter described in said mortgage, all and singular the premises described in said mortgage, to wit:

'a certain parcel of land with all the buildings and structures now or hereafter standing or placed thereon, situated in Wilmington, in the County of Middlesex and Commonwealth of Massachusetts, bounded and described as follows:

Being the premises shown as Lot 27 Catherine Avenue on a plan entitled 'Plan of Land in Elmwood Village, Wilmington', by Jos. W. Gernigila, Reg. Land Surveyor, dated November 24, 1954, recorded with Middlesex North Registry of Deeds as Plan 1 in Plan Book 86; said lot being bounded and described as follows:

SOUTHERLY by Catherine Avenue, one hundred fifty (150) feet; WESTERLY by Lot 28, as shown on said plan, one hundred fifty (150) feet; NORTHERLY by land of Anthony Signore, as indicated on said plan, one hundred fifty (150) feet; and EASTERLY by Lot 26, on said plan, one hundred fifty (150) feet. Containing 22,500 square feet of land, according to said plan.

Being the same premises conveyed to us by Deed of Florence Sclarappa to be recorded herewith.

The premises are conveyed subject to and with the benefit of restrictions and easements of record, if any, insofar as same are now in force and applicable.

The premises are conveyed subject to a grant to the New England Tel. & Tel. Company and the Town of Reading Municipal Light Department as set forth in instrument dated February 9, 1955, recorded with said Deeds in Book 1284, Page 414.

Including as part of the realty all portable or sectional buildings at any time placed upon said premises and all furnaces, ranges, heaters, plumbing, gas and electric fixtures, screens, mantels, shades, screen doors, storm doors and windows, oil burners, gas or electric refrigerators and all other fixtures of whatever kind and nature at present or hereafter installed in or on the granted premises in any manner which renders such articles usable in connection therewith, so far as the same are, or can by agreement of parties be made, a part of the realty.

Said premises will be sold subject to all zoning changes, unpaid taxes, outstanding tax title, municipal liens or assessments, if any. One Thousand Three Hundred (\$1,300.00) dollars will be required to be paid in cash or certified check by the purchaser at the time and place of sale when the other terms of sale will be made known.

(Seal) Case No. 56891 Misc. In Equity

To ROBERT C. FODEN and RUTH M. FODEN of Wilmington, Middlesex County; MURIEL I. MARTIN of Wilmington, Middlesex County; SUNNYHURST DAIRY, INC., of Stoneham, Middlesex County; THE FIRST BANK & TRUST COMPANY, of Chelmsford, Middlesex County, and all of said Commonwealth; and to all persons entitled to the benefit of the Soldiers' and Sailors' Civil Relief Act of 1940 as amended;

MT. VERNON COOPERATIVE BANK, of Boston, Suffolk County, and said Commonwealth, claiming to be the holder of a mortgage covering real property in Wilmington, Chestnut Street, given by Robert C. Foden and Ruth M. Foden to the plaintiff, dated October 30, 1967, recorded with Middlesex North Deeds, Book 1822, Page 3, has filed with said court a bill in equity for authority to foreclose said mortgage in the manner following: by entry and possession and exercise of power of sale.

If you are entitled to the benefits of the Soldiers' and Sailors' Civil Relief Act of 1940 as amended and you object to such foreclosure you or your attorney should file a written appearance and answer in said court at Boston on or before the nineteenth day of May 1969, or you may be forever barred from claiming that such foreclosure is invalid under said act.

Witness, ELWOOD H. HETTRICK Esquire, Judge of said Court, this fifteenth day of April 1969.
